For That Home-To-Be... PLANNED TELEPHONE SERVICE!

Telephone service . . . like gas, water and electrical facilities . . . should be planned in advance. Telephone wiring can be as modern and inconspicuous as plumbing and electrical work *if provisions for it are made before your home is built.*

Rigid, flexible or thinwall conduit, placed in walls and floors by your contractor, eliminates exposed wiring on baseboards and moldings and enables you to have *built-in telephone outlets* wherever you desire in your home-to-be. Costs are nominal. The telephone company provides wires and wiring work. You merely have the conduit installed.

Your telephone company will be glad to give you further details on request. **Just call our business office and ask for:**

about

GARY

Gary, named in honor of Judge Elbert H. Gary, is located in Lake County, Indiana, on the southern shores of Lake Michigan. Here, in 1906, the United States Steel Company began the construction of a new steel works in the heart of the sand dunes which had lain barren for centuries. The triumph of man's engineering skill over the forces of nature in the city's march to metropolitan

size has been celebrated in prose and poetry throughout America.

Situated in one of the wonder scenic regions of America, Gary has the largest steel, rail, tin and cement plants in the world, a world famous educational system, and boasts a public spirited citizenry that continues to beautify and improve this wonder city of the Twentieth Century.

Post Office Information

The Gary Post Office is located at 115 E. 6th Avenue and is open to the public on week days from 8:00 A.M. until 6:00 P.M. with the exception of the money order and postal savings section which closes at 5:00 P.M. and opens at 9:00 A.M. Postal Savings, Money Order, and General Delivery sections close at 12:30 P.M. on Saturday. Parcel Post Window closes at 4:00 P.M. on Saturdays. Domestic Mail is divided into the following four classes of shipment: **First Class:** Letters, etc., 3c for each ounce or fraction thereof. Post cards and postal cards, 2c each.

Second Class: Newspapers, periodicals, etc., 1c for each two ounces or fraction thereof.

Third Class: Articles weighing not more than eight ounces. Miscellaneous, 2c for first two ounces plus 1c for each additional ounce or fraction thereof (except certain odd size pieces of third class mail are subject to a minimum charge of 3c). Books, seeds, catalogs, etc., 1 1/2c for each two ounces or fraction thereof.

Fourth Class: Parcel Post. Third Class articles over eight ounces and all mailable matter not included in First or Second Class. Rates on Parcel Post vary with weight and mileage.

There are four conveniently located postal substations at the following addresses: 1817 Broadway, 4120 Broadway, 2231 W. 11th Avenue, 425 So. Lake St.

Public Library Information

The Gary Public Library, founded in 1908, is located at 220 W. 5th Avenue and is open on week days from 9:00 A.M. until 9:00 P.M. Transportation

Gary's facilities for transportation by rail and water have been one of the important causes of its remarkable growth. The city is served by the Baltimore & Ohio, Chicago, South Shore & South Bend, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are, in addition to these, two belt lines serving the industrial district while numerous motor coach and interurban lines connect with points to the south, east and west. Excellent bus service is operated to all sections of the city by the Gary Railways Co.

Recreation

The sand dunes of the Calumet Region have long been the source of attraction to naturalists, geologists and pleasure seekers from many points. The Indiana Dunes State Park, which is being improved by the State of Indiana, is located a few miles east of Gary along the shores of Lake Michigan.

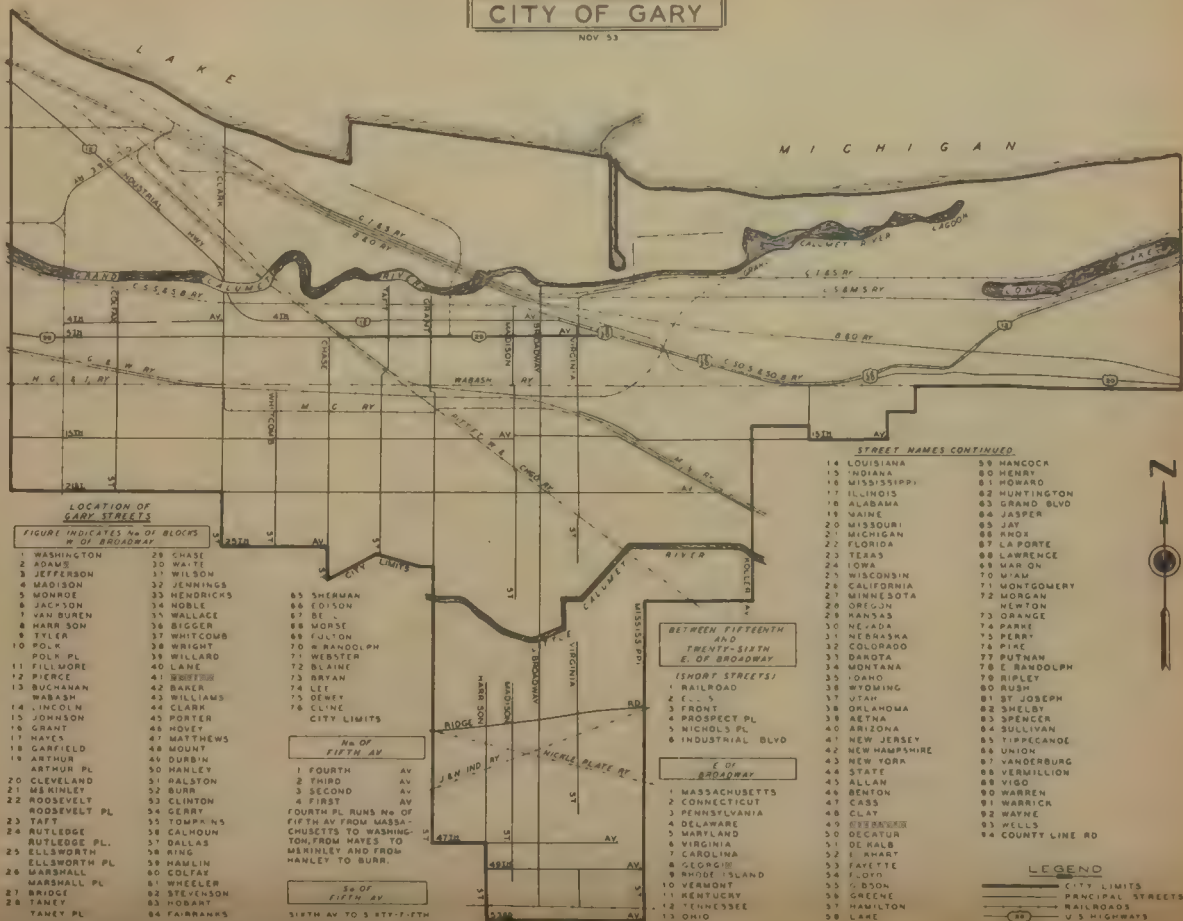

The Gary Park System contains fourteen beautiful parks which offer recreation and diversion of all kinds. There is ample provision for golf, tennis, baseball, picnicking, swimming and boating, while numerous playgrounds offer carefully supervised recreation for children. Gary has several fine theatres of beautiful design.

Education

No single institution can offer a greater testimonial to Gary's civic growth than its unique educational system. The Gary Plan is designed to give the boys and girls of Gary a balanced program in work, study and play for as long a school day, week, and year as possible. Eight of Gary's school centers house kindergarten through high school. Two centers provide activities in kindergarten through the eighth grade; and the remaining twelve provide an educational program for kindergarten and primary pupils. The Gary schools emphasize diverse educational opportunities such as recreation, night school and summer school. There are, in addition in Gary, ten well equipped parochial schools.

I When you want a certain brand of goods—perhaps one that you've seen advertised.

Many trademarks are listed here—Good-year Tires, Frigid-aires, Chevrolets, the Insurance Company of North America. Under these, you'll find lists of dealers.

3 When you want the telephone number of a business or professional man.

Lists of names are shorter here, easier to scan. Instead of poring over long columns of "Smith" in the white pages, you can spot "Smith C. G." at a glance under "Physicians."

REGULATIONS

APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in a manner prescribed by the tariff.

OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

INTERRUPTIONS TO SERVICE

If service is interrupted for more than 24 hours, for causes other than the negligence or willful act of the subscriber, credit will be allowed when requested by subscriber, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any par-

ticular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the company except in the case of charge listings, in connection with which its liability shall be limited to a refund of the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

PAYMENT FOR SERVICE

The subscriber is responsible for payment of all charges for facilities and services furnished the subscriber, including charges for services originated, or charges accepted, at such facilities. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due is not paid on or before the 14th day after issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied, but the service has not been terminated or the order to remove the service has not been completed, such service will be restored upon the payment of all service charges up to the time of restoration of service and a restoration of service charge.

When the service of a subscriber has been denied and the service has been terminated or the order to remove the service has been completed, service will be established upon payment of the appropriate service connection charge plus any outstanding charges due for service up to the time the service was terminated.
